ROOT ALMANAC

ACTIVE CUSTOMERS: A customer that has made a purchase in the last 30 days (current day + the previous 29 calendar days).

SALES POINTS (SP): The points value of a product eligible for calculating rewards, bonuses and RANK. In most cases, but not always, Sales Points and product purchase price are the same.

PERSONAL SALES POINTS (PSP): The SP value of the products you have personally purchased over the last 30 calendar days, up to a maximum of \$500 (personal purchases are not required for any qualification).

ROOT SALES POINTS (RSP): The total SP generated by everyone in your ROOT system over the last 30 days.

CUSTOMER SALES POINTS (CSP): The part of RSP resulting from all customer purchases in your ROOT system. (This is used for 55% Rule).

QUALIFIED ROOT SALES POINTS (QRSP): The sum of your RSP over the last 30 days with the ROOT max rule applied, plus up to 500 PSP.

GENEALOGY TREE: The Genealogy Tree is the structure of your entire ROOT consumer community.

RANK: The title achieved in real time based on QUALIFIED ROOT SALES POINTS (QRSP).

ROOT REWARDS: The ROOT Brands created a rewards program (product credits and bonuses) to thank our CUSTOMERS, AMBASSADORS, and SUPER AMBASSADORS for sharing our brands.

ROOTS: ROOTS are members of your entire organization (CUSTOMERS, AMBASSADORS, and SUPER AMBASSADORS combining those whom you have personally referred to ROOT continuing with their referrals).

ROOTS COMMUNITY: Your entire organization of CUSTOMERS, AMBASSADORS, and SUPER AMBASSADORS.

LEVEL: The genealogical order of your organization starting with your direct referrals as customer and continuing consecutively with your referral's direct referrals (your LEVEL 2) and so on. As part of ROOT rewards, CUSTOMERS can earn a product credit on purchases from their customers. QUALIFIED SUPER AMBASSADORS and above can receive a SHARING REWARDS from their customers, and a ROOT MATCH REWARDS on LEVELS 1-5 depending on rank eligibility. Your LEVEL classification is permanent from time of enrollment and is not impacted by physical position (layer) in the tree structure.

LAYER: A layer refers to the physical position of CUSTOMERS, AMBASSADORS, and SUPER AMBASSADORS within your structural Genealogy Tree.

PRODUCT CREDITS: We created a rewards program for our customers by providing an opportunity for them to reduce the cost or even obtain their products for free as a thank you for sharing our brand. Customers that refer other customers to the brand will receive a product credit equal to 15% of their (LEVEL 1) personally referred customer's product purchase. Product credits may then be applied to future purchases.

SHARING REWARDS: QUALIFIED AMBASSADORS and SUPER AMBASSADORS earn a 15% reward on purchases made by their LEVEL 1 direct referrals and 10% on purchases made by their LEVEL 2 referral's direct referrals.

ROOT DAILY REWARDS: A real time bonus paid daily based on real time RANK. You must be qualified and have reached the RANK of SUPER AMBASSADOR.

ROOT MATCH REWARD: A reward for effective leadership, earned by QUALIFIED SUPER AMBASSADORS and higher, as a matching percent of the ROOT Daily Reward earned by individuals starting with your LEVEL 1 directly referred on up to 5 LEVELS based on RANK (see the chart for details).

HARVEST REWARDS: A monthly bonus rewarded to SILVER SUPER AMBASSADORS and above based on your real-time RANK on the last day of the month.

QUALIFIED PAID-AS-RANK (QPAR): Where a number is given in the QPAR column (see rewards chart), SUPER AMBASSADOR must meet the corresponding RANK QRSP for 15 days in a 30 day period to achieve the specified RANK. When the QPAR number is greater than 1, the QRSP must be met for the stated number of qualifying 15 day periods.

Example: If the QPAR number is 2, that means that for at least 2 consecutive 30 day windows, minimum of 45- 60 days, GOLD SUPER AMBASSADOR V in qualification for PLATINUM SUPER AMBASSADOR RANK must meet the 50,000 QRSP requirement for at least 15 days during each of the 2 previous consecutive 30 day periods. In this example, you will be paid as a GOLD SUPER AMBASSADOR V, until your qualification is met.

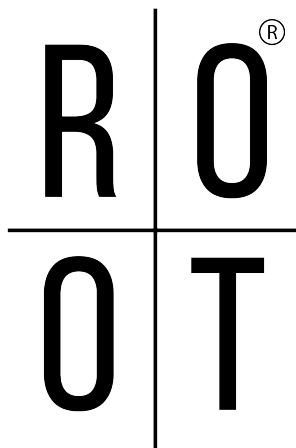

ROOT REWARDS RULES

ROOT QUALIFIED 55% RULE: To achieve or maintain the RANK of QUALIFIED AMBASSADOR or higher, 55% or more of gross RSP must be from customers (CSP) in order to be eligible to earn rewards. This percentage is calculated as CSP divided by RSP.

ROOT MAX RULE: A maximum of 40% of a RANK'S REQUIRED QRSP may be utilized from any 1 individual leg to qualify for that RANK (see max column in the chart).

REWARD ELIGIBILITY: To earn product SHARING BONUSES and to qualify to become an AMBASSADOR, 2 active customers must be attained (this only needs to occur once). QUALIFIED AMBASSADORS and SUPER AMBASSADORS must meet the 55% RULE.

CUSTOMER CREDIT: Valid for future personal purchases and is non-transferable (may not be transferred to any other person or entity).

SHARING REWARDS and ROOT REWARDS: SHARING REWARDS are calculated in 'REAL TIME' after each order is placed and put into your internal e-wallet. ROOT rewards are calculated daily and placed into your internal e-wallet each night (after midnight for the previous / preceding day based on your QUALIFIED PAID-AS-RANK). All new rewards will show 'pending' for 7 days, then 'available' (to withdraw or spend internally) on day 8.

MATCHING ROOT REWARDS and HARVEST REWARDS: Calculated from the QUALIFIED PAID-AS-RANK after midnight on the last day of the month (early morning of the 1st day of each month) based on the QUALIFIED PAID-AS-RANK. These rewards will show as 'pending' for 7 days, then 'available' (to withdraw or spend internally) on day 8.
